PROFILE

Year 3 Computer Science student at the University of Dundee with a first-class average (A5), aiming for a career in penetration testing. Building a Flutter password and breach-checking app and practising web application security on PortSwigger Academy, TryHackMe and HackTheBox.

EDUCATION

University of Dundee — BSc (Hons) Computer Science — Sept 2025 – June 2028 (expected)

- First Class (A5) overall: completed two years of study in one year through the International College Dundee accelerated pathway
- Year 3 (2026/27) modules include advanced software engineering and network/systems security
- Independent study in cybersecurity: OWASP Top 10 vulnerability classes (XSS, IDOR, SQL injection, SSRF, CSRF), practised on PortSwigger Academy, TryHackMe and HackTheBox

PROJECTS

Password Policy and Breach Checker (Flutter/Dart) — in development

- Building a phone app that checks passwords against a policy and looks up known data breaches through the XposedOrNot API
- Learning Dart and Flutter from scratch and writing the whole application myself, from project structure to a dark, dashboard-style interface

HTTP Digest Authentication (group coursework, CS31002) — in progress — github.com/Dembem1/network-security-project

- Team of four implementing HTTP Digest Authentication; responsible for loading credentials from a password file using SHA-256

Hospital Operation Scheduler (Java) — university team project, module C10039 — github.com/ethylenediaminetetraacetic-acid/Group-Project

- Built a scheduling system for hospital operations collaboratively with a team in Java

Balisong Simulator (JavaScript) — github.com/rgshadow1/bali-lab

- Built solo a browser-based physics simulation of a balisong to explore interactive animation and motion physics

Personal Portfolio Website (HTML/CSS) — mohamedhda.com

- Designed and built a minimalist static site, hosted on GitHub Pages under my own domain

ACTIVITIES & ACHIEVEMENTS

- **Winner, CALLIOPE public speaking competition**, Lycée Fleurs d'Orangers, Meknes, Morocco
- **Member, Dundee University Computing Society (DUCS)**
- **Member, University of Dundee Futsal Club**: training and competing weekly in BUCS
- **Volunteer, Mosque of Kortoba, Morocco** (2023 – 2025): helped out every Friday after prayer
- **Member, Dundee University Islamic Society (DUIS)**

TECHNICAL SKILLS

- **Languages:** Java, JavaScript, Python, Dart, C++
- **Frameworks and web:** Flutter, front-end and back-end web development
- **Tools and platforms:** Git/GitHub, Docker, VS Code, Linux
- **Security awareness:** OWASP Top 10, Burp Suite, nmap, ffuf

LANGUAGES

Fluent in English, French and Arabic
